

# 6CCS3ML1 Machine Learning / 6CCS3PRE Pattern Recognition, 2022, CW1 Marksheet Version 1.2

Student Name:

Total marks: (out of 70)

70 marks for this coursework equate to 10% of the total marks for the module.

---

## Functionality

- Code runs (i.e. doesn't crash on startup) (10 marks)

- Code uses a classifier (could be from a library) (10 marks)

- Code for a classifier included (i.e. doesn't just use a library) (10 marks)

- Code for a sophisticated classifier included (i.e. student has created a sophisticated classifier, not just called one from the library.) (10 marks)

- Runs on a different training set (10 marks)

## Form

- Good programming style (10 marks)

- Well commented (10 marks)
